

Invitation to Pera Pera Dan

Pera Pera means "fluent", and Dan means "group" in Japanese. This is an English-speaking training group organized by the English Study Advisor for Ryudai students, alumni, and staff.

We usually get together once a week.

Some of them are beginners, some have studied overseas, and some non-Japanese students as well.

Basically, in the class of 90 min, we have some fun games and pair/group activities. Japanese students, of course, join to improve their English, and non-Japanese students come for fun, or to make friends. Currently we've been having sessions online by using Zoom, so, you can join from your country!!

During a semester, we have one gathering a week, and the time/day are variable.

If you're interested, please register by emailing at

alc-rits@lab.u-ryukyu.ac.jp

with your full name, student number and brief introduction of yourself. We're looking forward to seeing you and having great time with you!!
