1. Campus Life

(1) Academic Calendar (学年歴)

The academic year at the University of the Ryukyus consists of two main semesters.

The spring semester runs from April 1 to September 30, and the fall semester from October 1 to March 31.

You can find the English version of the academic calendar for the year in the Student Handbook.

The screenshot shows the homepage of the University of the Ryukyus academic information system. The main navigation bar includes 'トップページ (TOP)', '教務情報(学生向け) (STUDENTS)', '教務情報(教員向け) (TEACHERS)', and '教務情報システムログイン (SYSTEM LOGIN)'. A prominent banner for '令和4年度 新入生の皆さんへ' (For new students in the 4th year of Reiwa) is visible. Below the banner, there are three main sections: '学生便覧' (Student Handbook), '授業時間配当表' (Class Schedule), and '学年歴' (Academic Calendar). The '学生便覧' section is highlighted with a blue box, indicating it is the target of the navigation.

The screenshot shows the '学生便覧【年度一覧】' (Student Handbook [Year List]) page. It features a navigation bar with 'トップページ (TOP)', '教務情報(学生向け) (STUDENTS)', '教務情報(教員向け) (TEACHERS)', and '教務情報システムログイン (SYSTEM LOGIN)'. The main content is divided into '学部生用' (Undergraduate) and '大学院生用' (Graduate). Under the '大学院生用' section, the link for '令和4(2022)年度 大学院便覧' is highlighted with a blue box.

The screenshot shows the '令和4(2022)年度 大学院便覧' (Reiwa 4 (2022) Graduate School Handbook) page. It features a navigation bar with 'トップページ (TOP)', '教務情報(学生向け) (STUDENTS)', '教務情報(教員向け) (TEACHERS)', and '教務情報システムログイン (SYSTEM LOGIN)'. The main content is titled '研究科課程及び教育課程' (Research Programs and Education Programs). A list of research programs is shown, including '人文社会科学研究科', '地域共同研究科', '教育学研究科', '医学研究科', '理学研究科', '工学研究科 Graduate School of Engineering and Science', '農学研究科', and '法務研究科'. The '工学研究科 Graduate School of Engineering and Science' link is highlighted with a blue box.

(3) Student Tutor System

To support your study abroad experience, tutors (Japanese students) work under the direction of your supervisor to assist you in your studies and daily life. The period available for this system is as follows.

- **First two years after admission:** Undergraduates
- **First one year after admission:** Graduates, Researcher
- **First six months after admission:** Japanese study program students, Okinawa Prefecture-funded students(kenpi-Ryugakusei 県費留学生), Exchange students, and Auditors.

*Please note that requests for tutoring in matters not directly related to your study/research activities (e.g., to ask for a ride, shopping, dining, sightseeing, etc.) are not acceptable.

If you need a tutor, please contact your department or the Global Education Section (Email: kogakuko@acs.u-ryukyu.ac.jp).

(4) Personal Accident Insurance for Students Pursuing Education and Research (“Gakkensai”)

GAKKENSAI covers you if you are injured in an accident while attending classes or research activities at the university, or while commuting to and from the university.

International students are encouraged to join the insurance soon so that they can enjoy their study abroad experience in Japan with confidence, in case of an accident.

For more information, please contact the Student Support Section (or the Student Support Section, School of Medicine for students at the Graduate School of Medicine and the Graduate School of Health Sciences).

○ Student Support Section TEL: 098-895-8135

○ Student Support Section, School of Medicine TEL: 098-895-1055

◀ Outline of GAKKENSAI ▶ <http://www.jees.or.jp/gakkensai/>

(This is a translation of the original text in Japanese.)
For students of universities and colleges
Insurance effective as of April 1, 2022 (Death benefits coverage of up to 20 million yen) (optional enrollment for additional coverage)

Insurance for injuries from accidents Academic Year 2022

Guide to “Gakkensai” (“Gakkensai” is the abbreviation of the Personal Accident Insurance for Student Pursuing Education and Research)

Cases where a student suffers a physical injury in Japan or overseas as a result of a sudden or fortuitous accident of an external origin in the course of educational and research activities. Please note that illnesses are not covered by this insurance. Injuries covered hereunder include toxic symptoms arising suddenly from the accidental inhalation, absorption or consumption of toxic gases or substances in one breath or a physical impediment arising from sunstroke or heatstroke.

During educational and research activities... refers to areas during which you are taking classes, participating in school events, etc. See below for details.

Types of Insurance Money Payout

1 For accidents occurring during educational and research activities

1 During regular curricular activities
During lectures, experiments, training, seminars, and practical training courses (including schooling for correspondence education students) and research activities under the supervision of an educator.^(Note 1)

2 During school events
During the participation of all educational activities which include the entrance ceremony, orientation, and graduation ceremony, and other events hosted by the school.

3 While in the premises of a school facility during times other than 1, 2, or 4
During periods when the insured is in school facilities owned, used or managed by the school for education.^(Note 2)

4 During extracurricular (club) activities
During cultural or athletic activities in accordance with the school rules and regulations and under the supervision of a student group approved by the school.^(Note 3)

2 For accidents occurring during the commute to school or while in transit between school facilities^(Note 4)

1 During the commute to school
While commuting to and from the residence^(Note 5) and the school facility, etc. by reasonable route(s) and method(s)^(Note 6) for the purpose of participating in regular classes, school events and extracurricular (club) activities, etc. of the school.

2 In transit between school facilities, etc.
Between two places including school facilities with the same purpose and using the same route and method^(Note 6) for commuting as those described in (1).

3 For accidents occurring during clinical training^(Note 7)

Measures to prevent infectious disease from contact infection
Your finger gets pricked on a used syringe during medical practice.

Students covered under this insurance
Students eligible for this insurance are restricted to those currently enrolled in graduate schools, universities, junior colleges or technical colleges stipulated within the School Education Law etc. that are supporting members of Japan Educational Exchanges and Services.

Period of insurance
- Students admitted in April: From 0:00 a.m., April 1 to 12 p.m., March 31 of the expected academic year of graduation.
- Students admitted in September: From 0:00 a.m., September 1 to 12 p.m., August 31 of the expected academic year of graduation.
- Students admitted in October: From 0:00 a.m., October 1 to 12 p.m., September 30 of the expected academic year of graduation.

^(Note 1) Only if the insured is enrolled in a course where coverage for personal accidents during commuting to school (abbreviated as “commuting coverage”) is added to the original policy.
^(Note 2) Excludes methods prohibited by the school.
^(Note 3) This includes the place of employment for those who enter the school after passing the entrance exam for students.
^(Note 4) Only if the insured is enrolled in a course where coverage for the prevention of contact infection (abbreviated as “contact infection coverage”) is added to the original policy.

^(Note 5) Only if the insured is enrolled in a course where coverage for personal accidents during commuting to school (abbreviated as “commuting coverage”) is added to the original policy.
^(Note 6) Excludes methods prohibited by the school.
^(Note 7) Only if the insured is enrolled in a course where coverage for the prevention of contact infection (abbreviated as “contact infection coverage”) is added to the original policy.

^(Note 8) The above applies to optional enrollment (decided by the student). If the student does not pay the premium by the day before the insurance period begins, the insurance period shall be from midnight the day after the premium is paid until the end of the period. For joint enrollment of all students, please refer to page 4.

This university/college offers the Personal Accident Insurance for Students Pursuing Education and Research provided by Japan Educational Exchanges and Services (JEES). This insurance is provided to all students in the event of unexpected accidents during their educational and research activities while at university/college. For further information on the terminology used, please read the “Handbook for Enrollment” of this insurance available.
